

## RAK-AUX-0100 Installation Instructions

RAK-AUX-0100 is the rack-mount kit for the AUX-0100 switching amplifier measurement filter. With the kit attached, you will be able to securely mount the AUX-0100 in a 2 RU space in a standard 19-inch relay rack.

RAK-AUX-0100 consists of

- 2 rack mounts
- 8 8-32 1/2-inch machine screws

Affix the rack mounts to either side of the AUX-0100 using the screws provided, as shown above.
