

RAK-212 INSTALLATION INSTRUCTIONS

RAK-212 supports the switchers (SWR-2755F, SWR-2755M and SWR-2755U), AUX-0025 and PSIA-2722. Each instrument can be mounted either flush with the front of the rack or recessed into the rack. Four holes are used to fasten the rack ear to the instrument. Refer to the drawing to determine which holes to use for proper alignment.
